[Center for Organ Recovery and Education](#) - The Center for Organ Recovery and Education (CORE) is a non-profit organization dedicated to promoting donation, education and research for the purpose of saving and improving the quality of life through organ, tissue and corneal transplantation.

[Donate Life America](#) - Donate Life America assists in mobilizing the transplant community to educate the American public on the need for organ, eye and tissue donation and motivating the public to make an actionable donor designation.

[Done Vida:Website for Hispanic Americans](#) - Donate Life America's Hispanic American website available to salute and inspire the Hispanic community to consider organ and tissue donation.

[Decision Donation](#) - The U. S. Department of Health and Human Services created a model instructional tool for high schools to increase awareness about organ and tissue donation in the United States.

[Kidney & Urology Foundation of America](#) - A leader in its field for over 50 years, the Kidney & Urology Foundation of America is dedicated to helping the more than 70 million Americans who suffer from kidney, urologic, and related diseases.

[Lions Eye Bank of DelawareValley](#) - A nonprofit organization dedicated to the restoration of sight. They recover, evaluate and distribute human eye tissue for transplantation.

[Musculoskeletal Transplant Foundation](#) - A non- profit organization helps meet the need of donor families and tissue recipients through allograft

[National Kidney Foundation](#) - A voluntary nonprofit health organization dedicated to preventing kidney and urinary tract diseases, improving the health and well-being of individuals and families affected by kidney disease and increasing the availability of all organs for transplantation.

[National Minority Organ and Tissue Transplant Education Program](#) - The purpose of this organization is to educate the minority community about organ and tissue donation.

[Organ Procurement and Transplantation Network \(OPTN\)](#) - Educational and informational databank. OPTN is a unique public-private partnership that links all the professionals involved in the donation and transplantation system.

[Trans Web](#) - Trans web's mission has been to provide information about donation and transplantation to the public in order to improve organ and tissue procurement efforts worldwide.

[United Network for Organ Sharing](#) - A private, non-profit organization based in Richmond, Va., that runs the Organ Procurement and Transplant Network.

[U.S. Department of Health and Human Services](#) - The official U.S. Government web site for organ and tissue donation and transplantation.

VISION:

This volunteer-based coalition believes that working together with a common voice is the best way to reach the goal of increasing the donor registry, which will inevitably impact the number of transplants that give new life and hope to people suffering from fatal illness or life threatening injury.

MISSION:

Donate Life Connecticut is dedicated to the purpose of public education and awareness for all Connecticut residents concerning the lifesaving benefits of organ and tissue donation and increasing the number of registered donors.
